Coche presented on collaboration with University of Dubrovnik. We have space for two students. Most of the courses will transfer as CJC electives. For logistical reasons, we are doing first come, first served for this program. Our action item: to create a call to find two faculty or staff members to do a guest visit at University of Dubrovnik. Windels will draft the call. Coche clarified, in response to Leslie's question, this is only open to undergraduate students.

Calienes will also meet with Kim Fowler to discuss this opportunity. Lageyre indicated that students are not aware that applications are open at this time. Windels stated flyers went up yesterday and social media is now live. Informational session will occur on 11/1/23. Babanikos will send information to student email as well.
