

Department of Media Production, Management, and Technology
Minutes of Meeting of March 30, 2023

Present: Ostroff, Sorel, Thompson, Lee, Babanikos, Coffey, Chan-Olmsted, Zawahry, Selepak, Xu, Coche, Esterline, Leslie

Announcement: Please provide information regarding interests for the College elections/assignments to Iman.

Curriculum Proposals Update: All department curriculum proposals have been approved by the UCC.

Active Shooter Training: At the request of Randy Wright, the faculty discussed training for active shooter situations. The faculty believed the amount and timing of training should depend on circumstances, such as how often situations change. Once a year is probably sufficient. It was suggested that a video be produced which could be used for new hires or as a refresher.

Sports Creative Content and Production Proposal: Sorel moved and Zawahry seconded approval to move forward with the proposal. Thompson will continue working on the proposal with a goal of moving it to the College in the Fall.
